TO WHOM IT MAY CONCERN

I am pleased to write this letter in support of Mr. Christian Negri's application to the Master's program in Finance at your esteemed institution.

I have known Christian as a student in the Business Administration program at the University of Bologna. In my course of *Macroeconomics*, he earned the highest possible grade (30/30 cum laude), ranking in the top 5% of the class. Throughout his studies, Christian has demonstrated an outstanding commitment to learning and a clear aptitude for quantitative analysis. His solid academic record (GPA 26.3/30, equivalent to approximately 3.6/4.0) confirms his discipline and ability to manage complex workloads effectively.

Beyond his academic results, Christian has shown remarkable initiative in applying his knowledge to practical contexts. During his internship at *Mediobanca Premier*, he collaborated with financial advisors and gained first-hand experience in wealth management, investment products, and portfolio analysis. Christian's personality is characterized by determination, resilience and a strong work ethic. His international experiences and intellectual curiosity have also equipped him with a global mindset, which I believe will allow him to thrive in an international academic environment.

I am confident that Christian possesses the intellectual ability and motivation required to succeed in a rigorous and competitive Master's program. I therefore recommend him for admission to your Master in Finance. Please do not hesitate to contact me for any additional information.

Sincerely yours,

Antonio Minniti
