4. Open Questions:

Question #1	Describe your current professional situation. Why, at this stage of your career, have you decided to pursue an E-DBA program? (300-500 words)
Answer 1	Former CDO at ESSEC, I am currently a new venture specialized in student recruitment named semantikmatch.com . As a specialist in management and AI, I am interested in pursuing a DBA to develop a research approach in an academic context in order to demonstrate the impact on the business of our AI applications.
Question #2	What is the intended focus of your doctoral research? Is there any area in which you plan to specialize? (350-500 words)
Answer 2	Specialist in AI and management, my goal is to measure the impact on business processes of AI, through process optimization (especially in application processes)
Question #3	An E-DBA requires a capacity for self-paced learning and self-discipline, as well as time management and maintaining work/life balance. Comment on your own abilities in these areas while pursuing the program and fulfilling your obligations.(350-500 words)
Answer 3	I did my Master in management at EDHEC in apprenticeship (and studied at Sciences Po in the same time during my first semester) and my MS in Data Science at ENSAE too. As a start-up founder, I can now manage my schedule and pursuing 2 kinds of activities that can be complementary and feed each other.
Question #4	Indicate your reasons for seeking admission to the Ecole des Ponts Business School and state how these match with your professional goals. What are the personal and professional dimensions you are seeking to develop? (350-500 words)
Answer 4	I seek to develop academic and research skills in an institution driven by Science and with high level researchers
